Hi Kelly,

I know this seems very late in the process, but can you give Whitney access to the sharepoint site/folder please. We are trying at HQ to make sure more than one person knows the assumption process and Whitney has graciously volunteered to start learning the process as we go through it for FL. I think this will be great for everyone and certainly welcome her assistance on the HQ side of things.

On the contract for outreach, I don't think I can join but Terry Fenton has agreed to be on the call with you, Laura Bachle, and Mike Long. If there are outstanding questions, feel free to reach out but you should be good.

Thanks, Kathy

All,

FDEP has shared draft components of their program description (13 component docs and 20 form/template docs). They stressed these documents are still works in progress and will continue to be modified until submission. As we're very short on time to review (FDEP is still expecting to submit package on July 15), I'm recommending we scan these documents for major red flags with a goal to be completed by COB Friday and schedule a call Monday to discuss. In the meantime, if any major issues are found, please don't wait until Monday to let the team know. Sorry everyone, I realize these goals are not very realistic but it's all the time we have. The link below should allow access to all the draft docs, if you find issues accessing please let me know ASAP. Thanks everybody!
